INSURANCE – PGK John Ricca, Jr.

My Brother Knights - The Life Insurance Marketing Research Association has recently released their report of a survey of why people don't buy individual life insurance. As your agent, I would like to explain why I may be able to assist you in dispelling these reasons. 1. **Can't afford the coverage.** Coverage is only offered if it meets your budget. It is in no one's interest to offer you a product that you cannot afford. As your agent, we go through a process together of determining an affordable monthly premium for you. 2. **Can't decide what to buy.** A lot has to do with identifying your goals and objectives as well as a budget. We'll work through this process together. 3. **Put it off until tomorrow.** Delay can be a disaster. Putting the purchase of life insurance off can be costly, and I would recommend against that. As you get older, premiums increase and you run the very real risk that your health can change. A negative change in your health can cause your premiums to increase or you may even be denied coverage. 4. **Worry about "making the wrong decision."** Not to worry. I know what to look for and what to recommend. Trust me to work with you to provide an affordable plan which will provide financial security for your family. John Ricca, 225-753-0393.
